## DIFFERENCES BETWEEN THE ICF WORLD CHAMPIONSHIPS AND THE OLYMPIC GAMES

The Olympic Games has 12 events, the International Canoe Federation (ICF) World Championships has 27 events.

The additional events are: men's kayak single 500m, 5000m; men's kayak double 200m, 500m; men's kayak four 1000m; men's canoe single 200m, 500m, 5000m; men's canoe double 200m, 500m; men's canoe four 500m; women's kayak single 1000m, 5000m; women's kayak double 200m, 1000m. The ICF world championships allows for more events with a larger athlete quota. The World Championships are held every year except in an Olympic year.

## CHANGES SINCE THE RIO 2016 OLYMPIC GAMES

- Men's kayak double 200m and men's canoe single 200m events have been removed
- Men's kayak four 1000m event has been replaced by men's kayak four 500m
- Women's canoe single 200m and women's canoe double 500m events have been added

## SPORT RULES AND PROCEDURES

### Race distances

Races are held over 1000m, 500m and 200m (9m width lanes).

## Scoring

The winning boat is the one whose bow (the tip of the boat) crosses the finishing line first.

## Difference between canoe and kayak

Canoes are propelled by single-bladed paddles and the athletes are in a high-kneeling position in the boat (kneeling on one knee). As canoes have no rudder, the boat must be steered by means of the paddle in the athlete's hands. Considerable practice is required to master this technique. Canoes may be entirely open or be partly covered by a front and after deck. The minimum length of the opening shall be 280cm.

The kayak is a covered craft with a cockpit in which the athlete sits. They are propelled by double-bladed paddles while the athlete uses a foot operated rudder system to steer the craft. The rudder must be placed under the hull of the boat. For K2 and K4, the rudder pedals are placed in the front cockpit and can only be manipulated by the front athlete.

## Team member changes

Team members cannot be changed once the competition has started, except in case of illness or injury. In this case, an athlete may be allowed to compete if the particular event has not started.

## Exclusion

A boat arriving after the start time, or which did not compete at all during an event, will be excluded for the rest of the Olympic Games. A boat causing two false starts will be disqualified from the event concerned. A boat breaking the 5m rule or racing with a boat which does not comply with the rules, may be disqualified from the event concerned by the competition committee (there are other possible situations which can lead to disqualifications such as underweight boats, illegal advertising, etc.).

## 5m rule

Athletes must keep within a five-metre boundary throughout the entire race. Any athlete that breaks this boundary and drifts into, or close to, another lane may be disqualified.

## Best times

There are no records in canoe sprint because of course differences and conditions. The ICF maintains a list of Olympic best times.

## Tiebreak rules

If a dead heat between boats occurs in a heat, quarterfinal or semifinal for a position that qualifies the boat for the next round, all tied boats will qualify if there are enough available lanes in the next round, including the additional "0" lane. If there are not sufficient lanes available in the next round, a minimum of one hour after the last race of that event in the session, a re-race will be organised for all tied places. If a dead heat occurs in a final and the tied placing is for a medal position, additional medals will be awarded.

## Penalties/disqualification rules

The competition committee may impose the following penalties on competitors: warning, disqualification and exclusion.

## Protests/appeals

A boat can protest the decision of the competition committee or the starter within 20 minutes of the finish of a race. They may appeal to the jury within the next 20 minutes if they do not agree with the decision of the competition committee.
